BUS INDUSTRY

OUR VISION

IVECO BUS

Reshaping our business and driving a shift in the value chain from product only to integrated transport solutions

SUSTAINABILITY

Leader in low emissions transport solutions with a strong commitment to sustainable mobility

- DIESEL & XTL WITH LOW EMISSIONS
- CNG & BIOMETHANE
- ELECTROMOBILITY

SERVITIZATION

Services & Digitalization are the enablers of future autonomous operation

- CONNECTIVITY AS A STANDARD
- TELEMATICS & FLEET MANAGEMENT
- ASSISTED & AUTONOMOUS BUS

IVECO BUS AT A GLANCE

IVECO BUS KEY FIGURES

5,000+ people globally,
80% are based in Europe

OUR VALUES

IVECO BUS VALUES

IVECO BUS

Taking care of people needs for mobility, in a safe and sustainable system

SUSTAINABILITY

TECHNOLOGY

The very best of diesel and alternative drivelines integrated within tailored vehicle architecture

More attractive and smarter than ever

HIGH VALUE

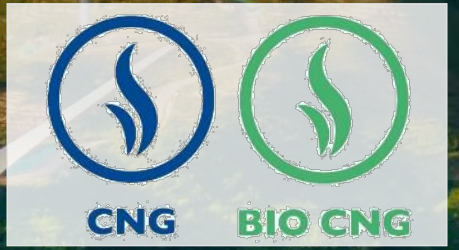
TCO

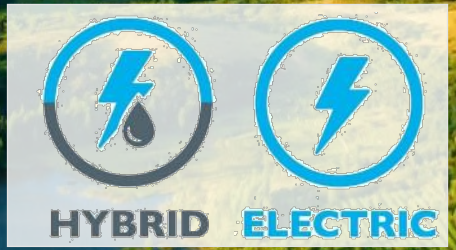
Best-in-class technology dedicated to customer needs for efficiency and availability

IVECO BUS

SUSTAINABILITY

LEADER IN SUSTAINABLE TRACTIONS





BATTERY ELECTRIC VEHICLE

IVECO BUS

➢ PERFORMANCE WITHOUT EQUAL, EXCEPTIONAL EFFICIENCY & AUTONOMY

- Recharge: Slow charge plugged at the depot or fast charge by pantograph
- Range up to 300 km in 1 charge
- Passenger capacity: up to 90 passengers
- Electromobility ecosystem: consulting, telematics, charging systems, maintenance contracts

BENEFITS OF ELECTRIC

ZERO NOX	ZERO FUEL
ZERO CO2	SILENCE

ELECTRIC

ELECTRIC OVERNIGHT & OPPORTUNITY CHARGE AVAILABLE ON E-WAY RANGE

Iveco Group Ambitions

Following the demerger from CNH Industrial on 1st January 2022, Iveco Group was established with the aim of transforming its business and leading the transformation to a more sustainable future.

Product Range & Positioning

Build leadership. Reposition heavy-duty trucks for profitable growth

Operational Performance

Improve quality. Capture pricing opportunities. Step up operational performance. Maintain lean structure

Alternative Powertrain

Offer soluions for specific customer missions. Support zero-emissions / carbon-neutral transition. Grow third-party business

Collaborations & Partnerships

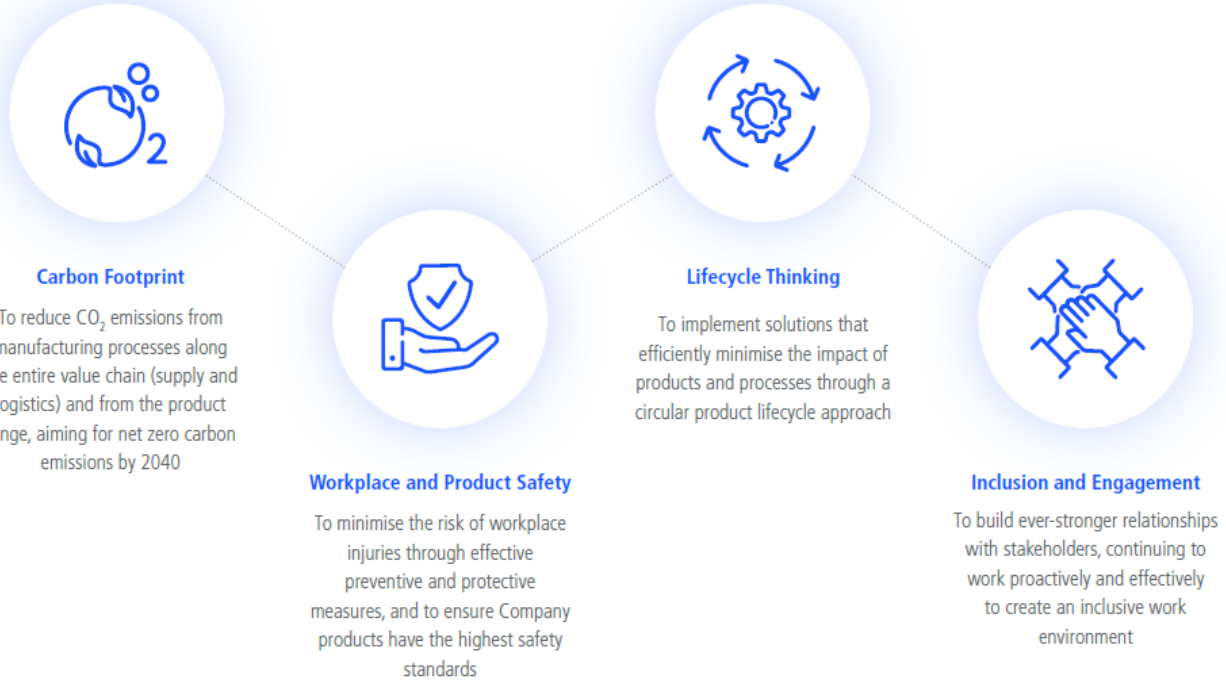
Target best-fit and think-alike partners. Bring leading edge solutions to our customers

Lifecycle Services

Deliver best TCO & customer experience across lifecycle. Grow recurring service business

Our 4 Sustainability Priorities

Iveco Group has identified its sustainability priorities based on its previous experience and on the Materiality Matrix prepared while part of CNH Industrial, guaranteeing better alignment with its core business. The four priorities that underpin the strategy are:



Carbon Footprint

To reduce CO_2 emissions from manufacturing processes along the entire value chain (supply and logistics) and from the product range, aiming for net zero carbon emissions by 2040

Workplace and Product Safety

To minimise the risk of workplace injuries through effective preventive and protective measures, and to ensure Company products have the highest safety standards

Lifecycle Thinking

To implement solutions that efficiently minimise the impact of products and processes through a circular product lifecycle approach

Inclusion and Engagement

To build ever-stronger relationships with stakeholders, continuing to work proactively and effectively to create an inclusive work environment

PREMIUM ACHIEVEMENTS OF SUSTAINABILITY INDICES

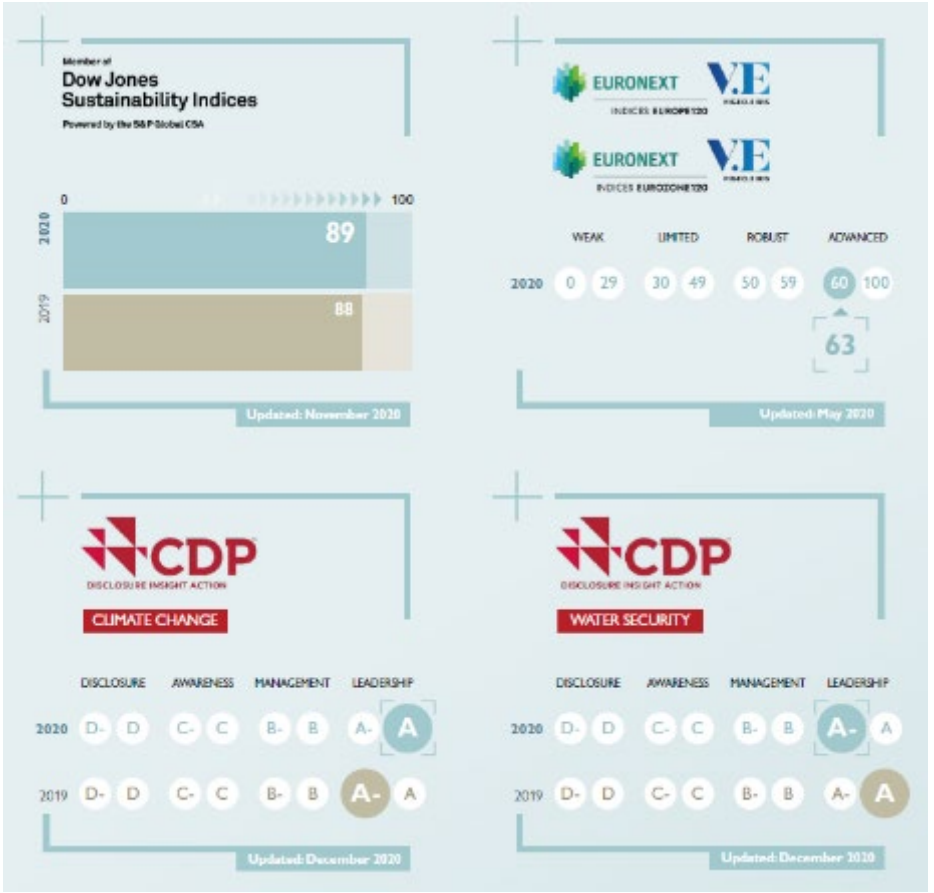
IVECO BUS

PLATINUM Top 1% 2021 ecovadis Sustainability Rating

CNHI has ranked in the top 1% in the annual EcoVadis sustainability assessment with a score of 73/100, resulting in a Platinum medal certification.

(After 4 consecutive year Gold medal)

Updated September 2021



PREMIUM ACHIEVEMENTS OF SUSTAINABILITY INDICES

E-BUS FACTORY & TEST TRACK

- ✓ Exclusive bus manufacturing, over 40 y
- ✓ Unique test track for emobility, over 20y

Certified	
✓ Quality	ISO 9001
✓ Safety	ISO 45001
✓ Environnement	ISO 14001
✓ Energy	ISO 50001

OUR FACTORY IS EXCLUSIVE EV BUS MANUFACTURING

IVECO BUS

➢ 10 year conversion from from Diesel → Hybrid → EV

2nd floor level of the assembly line :
performance / dedication / polyvalence

✓ *Over 2,000 hybrid buses sold*
✓ *Soon over 1,000 ebuses sold*

Rack preparation off-line

OUR FACTORY IS FOCUSED ON WASTE MANAGEMENT

IVECO BUS

➢ **Compehensive investment in returnable packaging**

✓ *Zero Waste land-fill*

Side panels of the body

Roof racks as battery support

OUR FACTORY IS PRESERVING WATER

IVECO BUS

➢ **Environnemental car, reducing wastes and costs**

✓ *Zero Industrial Water*

Shower : Water tightness test
100% recycle water

Water storage

WE BUILD OUR BUSES SOLID
